

11th Street Bridge Project

Washington, D.C., USA

Size: Approximately 4 acres when complete

Dates: 2016 – 2023 (anticipated)

Project Team: Building Bridges Across the River (BBAR)

Rendering by OMA + OLN

The 11th Street Bridge Park will be Washington, D.C.'s first elevated public park located on the piers of the old 11th Street Bridge spanning the Anacostia River. It is designed to be a place for healthy recreation, environmental education, and the arts.

Goals & Strategies

🖄 Place	
Food	Goals: Goals not defined. Strategies: Programming centered on urban agriculture. Community gardens established. Harvest festivals and farmers markets planned. Food grown on the bridge could be used by local restaurants.
